DETAILED ACTION

Election/Restrictions

Claims 1-6 are still withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected Group, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 6/8/05. Claims 7-12 will be examined on the merits.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 7-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Hockaday.

In regard to claims 7-12, the Hockaday reference discloses a "direct oxidation fuel cell" 32, a removable fuel cartridge" 33; wherein the empty cartridges are either disposed of by recycling or refilled (see column 9), as claimed. Further, cartridge 33 can be refilled from a larger tank or replaced by another cartridge, which can be obtained individually or in volume (see col. 7, line 28 – col. 8, line 22).
